

Berkey - Lee Formally Open New Auto Plant

One of the most extensive expansion and modernization projects in the area's automotive history has now been completed in Albany at 718 San Pablo Avenue, home of Berkey-Lee Garage, the first authorized Volkswagen dealer in Northern California. With the completion of the year-long project the Volkswagen sales and service facility now boasts more than 45,000 square feet of floor space, triple that of the original shop which first opened its doors in Albany in 1953. Johnnie Lee, partner with Merv Berkey, stated that their new operation is one of the most complete shops of its kind in Northern California. The main showroom, service area and customer parking area occupy approximately 22,000 square feet.

The service area itself houses twenty-two work stalls and three lube racks as well as a separate shop for major engine repair work. A specially designed communication and signal system

has been installed to permit Service Manager Paul Hamm to control all service work and parts disbursement at all times. It is estimated that there is an inventory of more than \$20,000 worth of parts on hand at all times assuring VW owners that there will be no delay on the replacement of parts at any time.

One of the most unique features of the new operation is indicative of the completeness of the expansion in the Albany VW headquarters. Located on the second floor is a fully equipped snack bar restaurant which is open to the public. Seating more than 30 people the snack bar features daily Hofbrau type lunches, sandwiches and beverages. A patio for customers waiting for their cars to be serviced and a barber shop are also part of the comfortable customers waiting area.

Johnnie Lee's background in the Albany-Richmond area is extensive. Following the war he and his partner married sisters and moved to Albany where they opened their first repair shop as Berkey-Lee Garage, Inc. In 1953 when Volkswagen was still a comparative stranger to this country, the two young men became the first Volkswagen dealer in the entire Northern California area.

The Berkey-Lee firm held an open house last Friday evening in connection with the formal opening of the expanded and entirely refurbished plant.

Learn To Swim Program at 'Y'

The second and final "Learn to Swim" program registration will be held on Friday, June 30 from 1:30 to 2:30 at the Berkeley High School Boys' gym and social hall. The entrance on Bancroft Way will be used.

The sessions will start on July 3 and run for nine lessons instead of ten because of the July Fourth holiday. There will be half hour classes for the beginner, advanced beginner, intermediate and swimmer levels plus junior and senior life saving.

The Learn to Swim program is a cooperative effort of the Berkeley Chapter, American Red Cross, Berkeley Recreation and Parks Department and Berkeley Unified School District.

ABOVE IS THE NEW BERKEY LEE VOLKSWAGEN headquarters at 718 San Pablo Avenue. The firm will hold an open house Friday, June 30, in celebration of the completion of its new sales and service headquarters. The plant includes a snack bar, waiting room, and barber shop on the second floor. The Friday evening open house will start at 7:30 p.m.

Albany Tri-City Teams Do Well In Early Games

Albany's two representatives in the Tri-City Baseball League, the Redlegs and the Wildcats, are currently first and third respectively after one week of play.

The Redlegs, behind two nifty pitching performances by Gary Armosino and Leonard Myles have a two win, no loss record. Myles hurled a no-hitter, and Armosino yielded but one safety.

The Wildcats gained a tie for third with a 2-0 victory over the El Cerrito Boys Club Scholars, after losing their opener to the Kensington Rockets 5-4. Larry Sooth pitched a three hitter and had air-tight defensive support in the 'Cat victory.

This will be the first of twenty-eight events in the festival, which will culminate Sunday, July 2, with an open-air afternoon concert at the famous Greek Theatre. Designed for the whole family, the Sunday afternoon concert will feature all the artists and cost only a dollar.

Festival artists are: Josef Marais and Miranda, world famous balladiers; Sam Hinton, leading American folk singer; Jean Ritchie, foremost American woman folk singer; Frank Warner, outstanding Eastern collector ("Tom Dooley") and singer; John Langstaff, leading young American concert singer who specializes in traditional song; Mance Lipscomb, American Negro singer who has never before sung in concert; "Slim" Critchlow, the

finest old-time cowboy singer alive today; and Merritt Herring, one of the nation's best young folk artists.

Ad-Writer's

Ramblings

We haven't been writing the ads for quite a while. We're filling in today because our ad expert is on vacation. It's tough to put out a good column week after week, but it's fun to do a "guest column" once in a while. So, here's a little Real Estate philosophy, as we see it after 15 years on Solano Avenue.

How's Business?

Real estate in Albany has always been good — National recessions don't seem to be felt here at all, houses just keep right on selling. However, when business is down nationally, we seem to hit a plateau in prices, and the next prosperity cycle then seems to raise everything to the next plateau. We've been on a plateau for about a year now, and as we see it, we're on the verge of the next inflationary wave. Don't put off buying until next year — you'll get a better buy right now, than you'll get even 3 months from now.

What About

Financing?

We were in tight money market last year, and interest rates and availability of money are more favorable now than for years, but as the business tempo increases, money will again tend to tighten. If you buy now, you'll pay less interest than you will if you wait until next year.

"I Have To Sell My Old Home First"

If you can't buy a larger or newer home without first selling your present home, we have 3 plans to help you.

1. The Guaranteed Sale Plan.
2. The Direct Trade-In Plan.
3. The Direct Purchase Plan.

Let us explain the details to you in person if you're interested.

What's For Sale

This Week?

We have several fine listings, and we'll describe a few here briefly.

- A really nice California Colonial home on Piedmont Ave., modern, clean, 2 bedrooms, basement room, \$2500 will handle.

- A homey 3 bedroom MacGregor on Masonic, 50x100 lot, basement room, priced at just \$17,950. We think this is a real buy.

- Choice 2 bedroom El Cerrito home, near Stockton Avenue, beautifully landscaped.

- A really fine large 5 room home, only 1 year old, terrific kitchen, plus a 3 room cottage in rear, with living quarters, on large lot, upper El Cerrito. This is a delightful home to see.

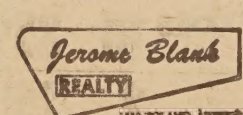

Income Properties

- Brand new 10 units in Berkeley, delightful design, a real money-maker — 9 are 2 bedrooms, 11 bedroom, priced at a low \$89,500. Owner will take smaller property in trade.

- We have several other income properties from duplexes to 24 units. Call for details.

Rentals

We have rentals from 1 to 2 bedrooms, in lovely new Albany apartment houses, including plushy carpeting, stoves, refrigerators and drapes. Garages included. From \$110.

**Booster Week
Proclaimed By
Berkeley Mayor**

"Boost Your Berkeley Chamber Week" has been proclaimed for the first week of July by Mayor Claude B. Hutchison. In his proclamation, the Mayor stated, in part, "Whereas, the Chamber of Commerce is working toward bettering the living conditions and welfare of all our people alike, and . . . is an organization through which many worthwhile projects are begun for the benefit of our community and acts as a safeguard for our free enterprise system . . . is an organization of the forward-looking citizens of the community, created for the purpose of promoting the civic, commercial, and industrial progress of the community, I hereby proclaim July 3 through 10 as "Boost Your Berkeley Chamber of Commerce Week".

During the week, special Chamber representatives will call on local businessmen, inviting them to join the Chamber. Everyone interested in details is invited to contact the Chamber office, 1834 University Avenue.

"Visit your Chamber of Commerce office during this special celebration week", urges President Tom Winburn. "We're happy to be able to offer a special gift to the 5,000th person to visit our office this year. This should occur early next month." Your Chamber office can offer you specific information on all of the city's events and attractions, locations, restaurants, motels, hotels, and other businesses. You are invited to visit us during "Boost Your Berkeley Chamber Week".

**Security Savings
Plans New Office
Bldg. in San Jose**

Security Savings and Loan Association today started demolition on the site of their \$1 million, new office building. The Security Savings building will be the first major office building to be constructed in downtown San Jose in several years.

John J. Peters, President of Security Savings, and San Jose Councilman Robert C. Doerr, were on hand to swing the first sledge hammer. Actual demolition of present structures, which is being handled by the Cleveland Wrecking Company, is scheduled to be completed by August 1.

Peters cited the planned five-story building, plus full basement and roof penthouse, as proof of

**Little League
Braves in Lead by
Defeating Dodgers**

The Albany Little League Braves (4-2) are right smack on top of the heap as they won the big one against the Dodgers (3-3) with a rousing 12-1 win. As in the past the powerful Braves were led by Paul Mann, Tim DeCaminada and John Klister. These three combined had seven of the team's nine hits. DeCaminada climaxed the day by mowing down the Dodgers with but one hit.

June 20 — Dodgers 4, Pirates 2. In the third nine inning game between these two teams, the Dodgers won this one also for a clean sweep of all three contests.

June 22 — Cards 8, Giants 4. The Cardinals shoved the Giants deep into the cellar as the Cards rose to their highest in Little League history. The Cardinal big four run first inning was the difference as Jim Metcalfe set the Giants down with four hits.

June 24 — Pirates 9, Cards 5. The Cards just couldn't stand prosperity as they blew a chance to stay with the Braves. A Pirate six run outburst in the third chopped down the Cards. Larry Roberts' right pitching plus a homer ruined the Cards' hopes. Jim Metcalfe had a perfect three for three at bat.

CHRISTIAN SCIENCE
How obedience to the law of God opens the way to freedom will be explained Sunday at Christian Science church services.

Among Scriptural passages to be read in the Lesson-Sermon entitled "God" is one from Psalm 119: "Teach me, O Lord, the way of thy statutes; and I shall keep it unto the end. . . And I will walk at liberty: for I seek thy precepts."

Man's right to freedom is also brought out in selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy which will include: "Discerning the rights of man, we cannot fail to foresee the doom of all oppression. Slavery is not the legitimate state of man" (p. 227).

Everyone is cordially invited to attend the services of Christian Science Society of Albany which are held at 533 San Pablo Avenue, Albany. The Sunday morning service is at 11 o'clock and the Wednesday evening meeting is at 8 p.m. The Sunday School convenes every Sunday morning at 11 o'clock. All children are invited to come to the Sunday School.

GRACE LUTHERAN

"The Church's Banner" will be the sermon topic of the Rev. O. R. Janke, pastor, at Grace Lutheran Church, Santa Fe Avenue at Ward, in both the 9:30 a.m. and 11 a.m. services next Sunday.

The lesson topic for the graded classes of the Sunday school meeting at 9:30 a.m. will be, "David the King".

COMMUNITY METHODIST

The Sunday morning schedule for the Albany Community Methodist Church, Stannage at Marin, begins with Church School at 9:45 a.m., Morning Worship at 11:00 a.m., and Methodist Youth Fellowship at 6:30 p.m.

The sermon topic for Sunday, July 2 is entitled "Humble Enough To Begin".

**Mrs. Naida Hayes
New President of
Berkeley Garden**

Mrs. Naida Gilmore Hayes has been elected president of the Berkeley Garden Club for the following year. She is a native daughter of California and a graduate of the University of California. She has been a member of the club for 20 years, has been on the board of directors of the Holiday Decorations Series for 10 years, is an author of five booklets and is a lecturer on woodforms and dried materials. She has just been installed co-director of Bay Bridges district 4A of California Garden Clubs, Inc., and has been the guest speaker at the National Convention of National Council of Garden Clubs, Inc.

Mrs. Hayes has many hobbies and interests. As a member of the American Forestry Association she is an enthusiastic participant with the Trail Riders of the Wilderness. This summer she is taking her tenth trip with the Trail Riders. She will be with the group going into the High Uintas Wilderness in Utah. She attended the biennial Pacific Coast convention of the National Audubon Society at Asilomar, California.

She is the widow of William Evan Hayes who lost his life in action in World War II. Her daughter, Lori, graduated from Berkeley High School this June and will attend the University of California this fall. Her parents are the William W. Gilmores on Vine Street.

**Weekly Nature
Walks Offered
By Kensington**

The wealth of wild life abounding "just over the hill" in Tilden Park will be discovered this summer by boys and girls who are going on the weekly nature walks offered during the six week Kensington Community Council Summer Program.

Vincent McDermott, guide for the nature walks, has a natural talent for imparting his knowledge of natural science, and for arousing the children's curiosity and interest in the variety and types of animal and plant life found on open ground, near water and on hillsides.

On Thursday, June 29, the children will be taken to Wildcat Peak, and in the following weeks they will go to the Tilden Park lake area and to the caves. The nature museums on the University of California campus, including Strawberry Canyon, will also be visited.

McDermott has his Masters Degree in music, and is a naturalist by avocation. He has been a member of the ranger staff in Grand Teton National Park. He hopes during the six week period to give his pupils a basic understanding of natural science, and to tell them about the structure of flowers and leaves, and about the characteristics of insects, mammals, and other animals.

Mrs. A. B. Capron, director of the Kensington Summer Program, has announced that enrollment for the nature walks is still open. Information may be obtained from Mrs. Capron, 29 Highgate Road, or the registrar, Mrs. Edwin Laplace, 23 Highgate Court, Kensington.

Senior Citizens To Hold Joint Picnic Sunday

A real Old Fashioned Fourth of July Picnic — to feature everything from pink lemonade to hog calling contests — will be hosted by Oakland Recreation Department senior citizens Sunday, July 2, from 2:30 to 7:30 p.m. at Mosswood Recreation Center, MacArthur Blvd. and Broadway.

Straw-hatted and bonnetted senior citizens from 40 Bay Area groups are expected to join in the gala event. All senior citizens will be welcome.

Entertainment in the Mosswood Amphitheater, to open with a presentation of the colors by an Alameda Naval Air Station unit; a Grand March from the amphitheater to the picnic area behind a drummer; hog calling, egg tossing, checker and horseshoe pitching contests and other picnic games; a bag picnic supper at picnic tables; community singing around a bonfire, and dancing in the Mosswood Recreation Center, will fill the afternoon and early evening.

Red, white and blue bunting will decorate the picnic area. Lemonade will be dispensed from a colorful booth. City officials will attend and speak.

Cooperating as host groups for the huge community affair are the senior citizens of Mosswood, Dimond, Park Boulevard, Arroyo Viejo, and North Oakland Recreation Centers.

LAW IN THE NEWS

A Service of the
State Bar of California

EQUITY COURTS

At early common law the English king, the source of justice, made and interpreted the law and administered the courts.

Sometimes the king's court turned out to be unfair, or the laws harsh.

So the king had the chancellor act through the courts of equity as his "conscience" to correct the legal system. The king's conscience acted alone without a jury.

To call upon the king's conscience (equity), a suitor had to show that he had no adequate remedy in the common law courts.

Today the formal distinction between law and equity has been

abolished in California's superior courts and these courts will act in both areas, whichever may be appropriate in a case.

What are equity cases?

Specific Performance is equity relief. Jones goes back on his promise to sell you his house for \$15,000. You could sue for the money you lost. ("Law" relief). But no money can give you this exact house and lot. So you can ask the "court's conscience" to make Jones sell you the house.

Green promises to sing for a hotel, but quits. Although no court may force Green to sing, a court in equity may keep Green from singing for anyone else.

Injunctions. Brown trespasses on your land often making a path across your lawn and a nuisance of himself. You could sue him at law for damages each time. Burdensome. At law your action would be burdensome and your damages trifling. But get a court to order him to stop, that's an injunction. If he doesn't, the court can fine or jail him for contempt until he "purges" himself, i.e. obeys the order.

The court in equity will look into many things which go beyond the traditional limits of what a law court would do — any unfairness, delays in asserting rights, undue influence, correction of documents, and many other things.

Engle Seeks More Customs Officers

Senator Clair Engle (D-Calif.) today said an acute shortage of Customs enforcement personnel at seaports throughout the United States is making full control of narcotics smuggling impossible.

The California Senator called for immediate appropriation of \$1,600,000 to begin expansion of the U.S. Customs Bureau staff of undercover agents and patrol officers which is responsible for combating narcotics smuggling.

Recent Changes in Social Security Act Opens New Benefits

"Due to recent changes in the Social Security Act, approximately a million people nationwide past retirement age can now draw benefits for some months of the year even though they may have high earnings," stated Mr. Morgan J. Shea of the Berkeley Social Security office.

In years prior to 1961 a person who earned over \$2080 and worked all twelve months did not receive a check for any month of the year. Now, beginning this year, it's possible for a person to earn over \$2080 and still draw payments for some months of the year.

The amount a person can earn before losing benefit payments for all twelve months depends mainly on the amount of his social security benefit.

Shea suggests that those people past retirement age (65 for men — 62 for women) get in

Witnesses Plan 3-Day Assembly June 30 - July 2

Henry R. Alden, presiding minister of the Berkeley Congregation of Jehovah's Witnesses, announced today that a three-day semi-annual circuit assembly of Jehovah's Witnesses will be held at the Oak and Exposition Building on the weekend of June 30 to July 2.

Alden said, "The Assembly is not a revival, but is held primarily to advance Christian Bible education."

The convention's theme will be "Walk in the Name of Jehovah Forever" and will include a variety of talks on Bible subjects. Groups of ministers will discuss ministerial problems and demonstrations will teach how Christians should conduct Bible studies. Sessions will be conducted morning, afternoon and evening, with a baptism of new ministers on Saturday morning.

Mr. Alden stated that about 300 from the Berkeley congregation are expected to attend the convention.

Phone Company Reports Increase of 23% in Phone Calls

Daily telephone calls in Pacific Telephone's East Bay Exchange have increased 23 per cent during the past five years, the company reported today.

Daily calls last year totaled 1,791,000 compared with 1,457,000 in 1955. During the same period the number of telephones increased 17 per cent from 329,000 to 384,000.

The company's taxes jumped 95 per cent, up from \$2,835,000 to total \$5,537,000 last year. Pacific Telephone's payroll in the area topped \$25,000,000 and employees numbered 4,400.

The Exchange includes Alameda, Albany, Berkeley, Emeryville, Oakland, Piedmont and San Leandro.

Old Age Hiring and Firing Bill Passes

A bill outlawing discrimination in the hiring and firing of an employee solely on the ground of his age has been passed by the State Senate. The bill, co-authored by Senator John Holmdahl (D - Alameda County), has previously passed the Assembly under the authorship of Assemblyman Jesse Unruh (D - Los Angeles).

Security Savings Promotes LaCroix To New Position

Following three years service with the Army Air Force in Chi-

na, Burma and India, he was with the California Packing Corporation 1947-1954, and with the Berkeley Savings and Loan Association as vice-president and manager of the Lakeshore office, 1954-1960.

His civic and club affiliations include: Recreation Commissioner, City of Alameda; Members Alameda Elks Club; Member board of directors, Grand Lake Kiwanis Club; past member board of directors, Alameda Chamber of Commerce; Past President Alameda Junior C. of C.; and president Alameda Home Owners Association. His home is in Alameda, where he has resided for 36 years.

State Senate Backs Support of Oakland Airport

The State Senate has joined in support of a petition citing inadequate air service at the Metropolitan Oakland International Airport, and asking for an investigation and an appropriate order for additional and better service. The action was taken on a resolution introduced by Senator John Holmdahl (D.—Alameda County).

"East Bay residents have real hope for relief from the present inconvenience and expense resulting from inadequate air service, should the Civil Aeronautics Board act favorably on the complaint," Senator Holmdahl said.

"The complaint has universal support from the people and communities of the entire East Bay region."

The complaint is supported by the cities of Alameda, Albany, Berkeley, Emeryville, Fremont, Hayward, Livermore, Newark, Piedmont, Pleasanton, San Leandro and Union City as well as Oakland; and by the counties of Contra Costa and Solano as well as Alameda.

The airport is nearing completion of a \$20,000,000 expansion and improvement program.

Oakland has won the 24th annual California state and Southwest Pacific Regional Roller Skating Championships, scheduled for June 25 through July 1. E. L. Buttner, president of the Oakland Chamber of Commerce announced today.

Following on the heels of the recent award to Oakland of the 1964 American Bowling Congress, the roller skating classic is a major milestone in the drive to establish the city as a major United States mecca for athletic events, Buttner said.

More than 2500 amateur skaters from California, Arizona and Nevada, ranging in age from 4 to 94 years, will compete in the championships to be held in the Oakland Municipal Auditorium. The 252 winners here will go on to the national championships to be held in Fort Worth in August, according to M. M. "Red" Shattuck and Joe Nazzaro, directors of the regional meet.

What is a symbol and why?

A symbol is a name in shorthand. It can be in many forms and can stand for many things. Ours is classic. It suggests "character" which has to be the foundation of any good bank. It is also modern in harmony with the progressive policies of MECHANICS. Why do we have it? Because people like it. It will stand for everything they know about us. And our duty and our purpose is to make it symbolic of the very highest and best in banking.
